

## THE JOURNEY: JOHN SCHLITT'S ROAD TO REDEMPTION

The lead singer of one of the most famous rock bands in the 70's, John Schlitt, was thrown into a life of parties, drugs, drinking and women. John was out of control with no way out, certain he was worth more dead than alive. John's life is one of failures, miracles, disappointments, forgiveness, and pure joy. He found a new life with God and his BLD It Ministries. (But the Lord Do It Ministry)

John Schlitt was an overnight success in the 1970's rock world as the frontman of Head East. Night after night of parties, out of control drug and alcohol abuse made his career come crashing to the ground leading to him getting fired and a plan to end his own life. He never thought he would sing again, completely quitting the music business for five years but God had other plans. His life was changed by a phone call from Bob Hartman of Petra asking him to be their lead singer. With John, Petra was the first Christian Rock band to ever win a Grammy. This started multiple years of winning Dove Awards and Grammys. John has been around the world sharing his story of how he came to impact the lives of millions of people across the globe.

John Schlitt's life is an incredible story of forgiveness, that God gives imperfect people second chances. This is revealed through God's plan and John Schlitt's road to redemption.
